NEW CITY MAPS ARE BEING SHOWN OFFICE OF TAX COLLECTOR

Copies of the new official map of the City of Corsicana have been received by W. F. Seale, city tax collector and assessor, and can be secured from his office. Both linen and paper copies are available.

The new map was drawn by W. M. Elliott, local surveyor, and was financed jointly by the city and county, and the two will share jointly in the proceeds from the sales.

Drawn to a scale of 300 feet to the inch, the map has been prepared in two sections and is as complete as it could be possibly made. The size of the map is about five by six feet, and includes all of the recent additions to the city and the adjoining territory. As many of the location points used in laying off the town have been shown as have been located.

City officials assert that it is the most complete map of the city that has been prepared. The map carries the official signatures of the members of the city commission:

ASA G. CANDLER, COCA COLA KING DIES IN ATLANTA

CAPITALIST, CIVIC LEADER AND PHILANTHROPIST SUC-**CUMBS TO ILLNESS**

ATLANTA, Ga., March 13.—(F)—tlanta today mourned Asa G. Canlier a former drug clerk in a country pharmacy, whose faith in a soft drink formula, brought him millions in the manufacture of Cocapla. The 78-year-old capitalist, civic leader and philanthropist died late yesterday after an illness of more than two years.

The story of Mr. Candler's rise is a story of the romance of American business. As the proprietor of

can business. As the proprietor of an Atlanta drug store, more than forty years ago, he purchased the formula for Coca Cola for a reported price of \$500, and in 1919 sold his interest in the immense Coca Cola Manufacturing company fer \$25,000,000.

He was married, while still a pharmacist, to Miss Lucy Howard of Atlanta, who died in 1919. Soom thereafter he was sued for \$500,000 damages in a breach of promise action by Mrs. Ohezima Debouchel of New Orleans, but won the ver-ditc after a lengthy trial. In 1923 he married the former Mrs. Mary to Mrs. Onezima DeBouchel of New Orleans, but later he broke off the engagement and was sued for \$500,000 damages. Trial of the action took place at Atlanta and resulted in judgment in favor of Mr. Candier. In 1923 he married Mrs. Mary Little Reagan of Atlanta, a widow with two children. He was a firm believer in real estate as an investment and had large holdings. Little Reagan of Atlanta, who sur-

vives him.

Asa Griggs Candler, known as Asa Griggs Candler, known as the Coca Cola King, was another American who, starting with virtually nothing, accumulated a fortune which eventually was rated as one of the largest in the South. When he had amassed his fortune When he had amassed his fortune he gave generously to worthy causes in the South and a number of times put his money to use in aid of his home city and state. He went to the rescue of the South generally in 1914, when the outbreak of the World War cut off the European market at a time when

break of the World War cut off the European market at a time when the crop was ready for the market. Mr. Chandler's path to success was not without its obstacles. He was ten years old when the Civil War began. The family farm was near the path of desolation spread by Sherman's march through Georgia and when the war had ended the farm was stripped of negroes, stock and provisions. He did his share of the work of reclaiming the land, at the same time attending the public schools. This he supplanted by the study of pharmacy and when he was 21 went to Atlanta, Ga., with a capital of \$2.50. Gota, Ga., with a capital of \$2.50. Going to work in a drug store he remained until November, 1873, when his father died and he returned to the family farm to take charge of

In April, 1888, Mr. Candler first became connected with the manufacture of Coca Cola and three years later became the sole owner of the business. Having confidence in its future he staked his fortune its future he staked his fortune it and devoted all his time to it. I first factory was a small shed a. I he personally stirred the kettle in which the syrup was manufactured. The first year the sales amounted to only 500 gallons.

Mr. Candler organized the Coca Cola Company of Georgia February 22, 1892, and continued as its active head until 1911, when he was succeeded by his son, Charles Howard Candler. In September, 1919, the business was sold to the Coca Cola Company of Delaware for In April, 1888, Mr. Candler first

WET TRACK AND RAIN DID NOT HAMPER STATE HOME BOYS

Inclement weather conditions tailed to stop the State Home Lads, Naverro county and District 14 track cl.ampions, in their elimination contest in preparation for the Acounty track and field meet to be held at the State Home March 22 and 23. Before a small crowd of onlookers and under cloudy and threatening skies, the Lads treked across the rain-soaked hang up some astonishingly good records for the conditions under

wnich they were running. Eliminations were started Monday to determine who will represent the State Home in the county meet. Tuesday, however, a steady downpour all morning and part of the afternoon rendered the track worse than useless for the field events and they were postponed until Wednesday.

The 200-yard dash event gave the spectators their first big surprise when Davenport, fleet-footed dash , raced across streams of water that ran across the track, and through a heavy downpour of rain to be clocked in the fast time of 10.5 seconds in the

All track events had been concluded and the winners determined Monday in spite of the torrents of rain that continually swept across the field to slow the runners to a great extent. This is about all that the team ever enters in while in the larger meets, but the rest of the team usually shows up to a good advantage in the county and district tussels. For the past several years the Lads have had hard luck in the big meets in the relay events, for it seems that they always get in the fastest heat in the meet. Several years ago when Farmersville buasted of one of the fastest relay teams in the state, the Lads entered the same heat with the Farmersville boys. The next year in the state meet the team got in the same heat with Forest High of Dallas, when that team flashed great form in the relay. Hoping for better luck the next year, the Lads again entered the state meet in the relay and had the unfortunate luck of drawing for the same heat with both Farmersville and Forest High. NEW PARISH HOUSE PLANS ACCEPTED; TO **ASK FOR BIDS SOON**

MODERN BRICK STRUCTURE TO REPLACE OLD WOODEN **BUILDING SOON**

Plans for a new parish house have been accepted by the official board of St. John's Episcopal par-ish and bids will be asked in a few ish and bids will be asked in a few days for construction of a modern brick building, to conform in general design and material to the present church building, to replace the old wooden parish hall that has been in use since the present church building was erected some twenty years ago. The old wooden church building, one of the oldest building now in the city, was converted into the parish hall. Harry O. Blanding is architect for the new building which is expected to cost around \$25,000 complete.

The matter of building a new

The matter of building a new Parish Hall has been under discussion for some time and a building committee composed of Harry D. Johnson, church treasurer; Wm. H. Hastings and W. A. Mowlam, secretary of the vestry was named to bring the matter to a conclusion. Monday evening the vestry, official board of the parish, and the building committee finally passed cial board of the parish, and the building committee finally passed favorably on plans drawn by Mr. Blanding and bids were called for to be opened Thursday, March 21. The first floor which is in reality a sub-basement, the floor being a few feet below the ground, consists of a main corridor with four class rooms on either side and also ladies rest room and an office. At the end of corridor will be a large primary room with two smaller class rooms adjoining. The building has a main entrance facing on Collin a main entrance facing on Collin street leading to a main vestibule from which short flights of stairs lead to both the first and second stead to both the first and second floors. There are three or four steps leading from the ground to the vestibule. The building will be set back from the sidewalk practically the same distance as the present Parish Hall. There will be an ornamental iron stairway leading from the courtyard in the rear to the second floor and an entrance from the same courtyard into the primary room at the rear of the first floor.

Each classroom is equipped with blackboard and tackboard and is separated entirely from the remainder of the building, thus assuring perfect quiet during the recitation periods. Near the main entrance in the vestibule is located the

Farm work in all sections of the county has been stopped for several days. Corn planting was well under way and in many sections the farmers were practically through planting. In the bottom lands, however, very little had been planted.

No rain was needed at the present time, however, it will do no harm other than delay corn planting in the low lands. Plenty of moisture is assured for starting the crop and the land will be in fine shape for preparing for the cotton crop.

RUMORED DAWES WILL GET AMBASSADOR APPOINTMENT TO THE COURT OF ST. JAMES

WASHINGTON, March 13.—(F)—
Although he has relinquished the vice presidency and returned to Chicago, the question, what will Charles Dawes do next, remains a subject of lively speculationn in the capital.

Of course, it is known he has gone back to his Chicago bank, and he plans to go to San Domingo soon to help organize the fiscal affairs of that nation. It is also known he has been making plans to go to Europe this summer.

When that was first mentioned, the inference was that his European trip would be a personal affair. Now, however, the idea is

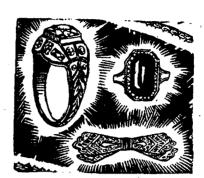

war, when Mr. Hoover was engaged in relief work and Mr. Dawes was a general in the American expeditionary forces. At that time, it is recalled, he sought the assistance of Dawes and appreciated it.

Through precipitous mountain ranges and across waterless wastes, 18.000 federals commanded by General P. Elias Calles, were slowly advancing toward the strategic town. Troop trains, foot soldiers and artillery formed one of the best equipped armies ever assembled in Mexican history.

From the north cavalry and in-

fantry were being rushed to rein-force the rebel army already at Torreon under the command of General Jose Gongalo Escobar.

Several hundred federal soldiers were captured and many killed in a battle with the revolutionists at Artega yesterday, according to ad-vices received at the revolutionary headquarters here from General Marcello Caraveo, rebel commander of Chihuahua City. Caraveo reported the rebels under General San Martin and Rual Madero, met the 77th and 78th federal cavalry, said to be a portion of the Calles said to he a portion of the Calles

PHYSICIANS ARE FREED OF MURDER **CHARGEES BY COURT**

MAGISTRATE DECLARES STATE FAILS TO MAKE **OUT ITS CASE**

ELIZABETHTON, Tenn., March 13.—(2)—Dr. Murrell Pinson and 5r. W. H. Longmire were free totally of charges that the death of 12-year-old Robert Grindstaff after they had operated on him for appendicitis, constituted murder. Magistrate R. T. Johnson, Sr. at accelerations where the service in the verter. a preliminary hearing, late yester-lay dismissed the murder charge brought by the lad's Yather, Henry Grindstaff, on the ground that the state had failed to make a case.

The dismissal came after the elder Grindstaff and a dozen neighbors testified the two physicians had operated on the boy on a kitchen table in the Grindstaff home, by the light of a kerosene lamp and a flashlight. The father also charged Dr. Pinson was in-boxicated.

loxicated.

Dr. J. B. Shoun and Dr. J. L.,
Cottrell, who performed an autopsy
on the boy's body, testified they
found evidences of an appendicitis
operation but the appendix, which
had not been removed, was normal.

The defense, in cross examination of the witnesses, sought to stablish that the operation was a result of an error in diagnosis, and the boy was in danger of death before the operation was perform-

IN MEMORY OF CLELLON
LYONS.
Sunday night, Feb. 17, 1929, the death angel came to the home of Clellon Lyons and took from that home their beloved husband and lather. It was so hard to see him go, but he is at rest. He had suffered so much for years and the least two months of his life no one but God knew what he suffered. He leaves a wife and seven children, five daughters and two sons, one sister and several brothers, and a host of friends to mourn his passing away. He was the first one of his family to go. They will miss him so much.

IN LOVING MEMORY OF
EVERETT ALLEN.
On February 5, the grim reaper
of death visited the little oil town
of Crane, Texas, and took from us
our darling Everett.

We had gone there to work in
the oil fields. Had been working
only one week when he was struck
on the head by a heavy iron weight.
He was rushed to the hospital at
Midland, but there could be nothing done for him, for he had received a death blow.
It seems so hard to give him up,
for he was just in the bloom of
young manhood, but God in His infinite wisdom knew best.
To know him was to love him.
He was of a kind and loving disposition, always a smile and a kind
word for every one. It is so hard
for us to understand why he was
taken away from us, but some day
we will know and understand.
God knoweth best. Weep not,
dear wife, father, mother, brothers
and sister. Let us all live so that
some sweet day we will all meet
dear, sweet Everett in that land
where there will be no more trouble, trials and good-byes.

He leaves to mourn him his wife,
father, mother, two brothers, and
one little sister, and a host of other relatives and friends.
Thou art gone, our precious darling.
Never more can thou return,
You shall rest in peaceful slumber,
It the resurrection morn.

Bverett, dear, one day we'll meet you, When our life's work here on

earth is o'er.
Where our joy will be eternal,
And where we will part no more.
--Written by a cousin who loved him dearly.

PAYMENT INCOME TAXES EXPECTED **EXCEED LAST YEAR**

THREATENED DEFICIT NOW BELIEVED TO HAVE BEEN **AVERTED BY PAYMENTS**

WASHINGTON, March 14.—(4)—Income taxes pouring into the reasury vaults from all sections of the country are exceedings esti-mates made by treasury officials. Secretary Mellon said today he felt there not only would be no de-ficit for the fiscal year 1929, but there would be a comfortable sur-

First payments of the income tracen March 15 of last year totaled \$597.137,752 and officials have expected that this amount would be exceeded this year. The corporation taxes this year are one and one half percent lower than they were in 1927 when that tax was 13.12 percent. It is expected, however, that the lower rate would bring in a greater return. Total income faxes collected in the calendar year of 1928 were \$2,169,417,231.

WASHINGTON, March 14—
Sweeping changes in the diplomatic corps and a slight shakeup of state department officials are to follow the arrival here of Henry L. Stimson, newly appointed secretary of state, who is due home from the Philippines the last part of this month.

President Hoover now holds the relignations of all of the American diplomatic representatives and the high officers of the department, but he is withholding action upon them until after conferences with his secretary of state.

New British Envoy.
A new ambassador is to be sent to the most imporant of all the posts, that at the Court of St. James. Alanson B. Houghton, of New York, soon is to retire as ambassador to Mexico and Chile his successor has not yet been selected, it is known that President Hoover is hopeful that he can obtain the services of former Vice. There also are likely to be new faces at a number of European posts, but the present representatives to the larger countries on the continent may be retained. Hugh S. Gibson, who is to head the American delegation to the preliminary arms conference at Geneva, desires to return to his post as smhassador to Beligum after his special assignment at Geneva has been concluded.

MEXICAN VILLAGE STRATEGIC POINT IN PRESENT CAMPAIGN AGAINST MEXICAN REVOLTERS

CANITAS. State of Zacatecas, Mexico, (with General Calles' army), March 14.—(4)—Little more than a railroad station. Canitas to Torreon seems to indicate he intends to capture Durango City and then follow the railroad which connects it with Torreon.

By thus clearly Mexico, (with General Calles' army), March 14.—(A)—Little more than a railroad station, Canitas would be of practically no importance were it not for the fact that the line from Mexico City branches here, one arm stretching out to Durango City and ther other to Torreon, both citles in rebel country.

This circumstance has made of a few straggling huts surrounding a few straggling huts surrounding a lit with Torreon.

By thus clearing out any rebels who may still be lingering at Durango Calles will have eliminated the danger of a flank movement by the enemy cutting him off in the rear as he advances against Torreon. The fate of, Durango is taken for granted and there are even unconfirmed reports that enrollment of bills which had been rushed through the mill at the last minute might be seen after.
